

# THE GATHERING ONLINE EVENT

## EXPERIENCING 2020: WHERE ARE WE NOW?

Due to the COVID-19 pandemic, this year's community gathering will be an online event, coming together via Zoom, enabling practitioners from around the world to join us, regardless of travel restraints or other issues persisting at that time.

This virtual gathering will be led by Sally Denham-Vaughan and Marie-Anne Chidiac.

When we created the core Relational Change framework of 'Self - Other - Situation' (SOS) we had no idea how much the world was about to change, and just how appropriate SOS would turn out to be.

We will use SOS to review our experiences of 2020 and the challenges we have faced. This will include experiential reviews, theoretical discussions, and applications to practice, with plenty of opportunities for sharing and discussion.

Whether you are a therapist, counsellor, coach, OD consultant, or simply interested in the work of Relational Change, we believe you will discover something useful in this day of connection and exploration. We look forward to seeing you online!
